**OHIO LOVES TRANSIT WEEK 2021**  
**Transit is Essential | We Move People**

Every segment of Ohio – businesses, communities, individuals and families – benefit from public transportation, an essential service that enhances economic development, insures sustainable lifestyles and a higher quality of life. Community Action Agency of Columbiana County’s (CAACC) Community Action Rural Transit System (CARTS), and Mobility Management are proud to be celebrating Ohio Loves Transit 2021.

CARTS provides over 80,000 trips each year, helping to create and maintain jobs that are essential in keeping our communities strong. Public transportation connects friends and neighbors to jobs, schools, shopping and much more. Whether delivering groceries or providing a ride to get a vaccine...CARTS aims to be a lifeline for our community.

CAACC meets the daily mobility needs of Ohio’s growing senior population as well as keeping up with the capital need to move workers, students and those without access to their own vehicles. By ensuring access to transportation services, all citizens have the opportunity to remain an active part of the community.

Transit drives the economy, with statistics showing that every \$1 invested in public transit generates \$4 in economic return. Whether getting to area shopping centers, local airports, libraries, parks, bike trails, or countless other destinations—transit will get you there.

Ohio loves transit and Ohio needs transit... now, more than ever.

“Over the last 38 years, CARTS has become a vital link for people without transportation, seniors, and individuals with disabilities to employment, job-training programs, medical care, and adult day care. The CARTS bus and shuttle services are safe and affordable, offering an alternative to capable drivers as well. By starting the mobility management service in 2009, we added another layer to improving the quality of life and independence to residents based on their specific transit needs. Increasing access to transportation and awareness of

transportation needs in order to build healthy communities is a focused effort across Ohio.” says Thomas E. Andrews, CEO of CAACC.

These are just a few of the reasons why Ohio’s lawmakers are committed to continuing to support public transit. From February 7 through 14 CARTS will celebrate our elected officials and stakeholders as well as our communities and riders during **Ohio Loves Transit Week**.

The fourth annual **Ohio Loves Transit Week** will include activities with transit customers all week, peaking on **Ohio Loves Transit Day**, Sunday, February 14.

February 7 Launch Date. Customer Appreciation Day!

February 8 #OhioLovesTransit social media celebration begins. Show your support of CARTS by sharing why public transit matters to you. Please include #OhioLovesTransit in your posts!
