ABOUT THE OHIO PUBLIC TRANSIT ASSOCIATION

OPTA offers a wide array of benefits and services that enable our members to enhance their operations, stay informed of critical legislation and public policies, grow their businesses, and play an active role in shaping the future of public transportation.

THE VOICE FOR PUBLIC TRANSPORTATION IN OHIO

OPTA serves as Ohio's voice for public transportation. Members are involved in establishing OPTA's state and national policy priorities and goals. Our members have the opportunity to significantly influence the legislative and regulatory process via direct contact with elected officials and government agencies during our annual Ohio Loves Transit Lobby Day at the Ohio Statehouse and scheduled visits with congressional members and staff in Washington, D.C.

Frequent legislative updates keep members informed and engaged with the work being done at both the state and national levels. **Established in 1970, OPTA is the primary advocate for public transportation in Ohio.** The association provides leadership, resources, training, support, technical assistance, media outreach, public engagement, and governmental relations services to transit agencies and businesses across the state.

As the powerful, **unified** voice of our members, the 60,000 individuals they employ, and the millions of people, including seniors, veterans, students, people with disabilities and commuters, who use transit every year, OPTA strives to **increase funding** opportunities and improve Ohio's quality of life.
